RE: Lord-Shope Landfill Superfund Site
ISVS Optimization Request

Dear Messers Balcer and Manzo:

This letter is in reply to your April 3, 2009 correspondence regarding the Lord-Shope Landfill Superfund Site. The United States Environmental Protection Agency (EPA) has reviewed the responses and grants approval for the operation of the ISVS system during 2009 for the months of May, July, September, and October (four (4) month operational cycle). The continued sampling and system performance data will assist in the evaluation of the on-going optimization efforts and help establish the 2010 ISVS operation schedule.

If you have any questions, please contact me at turner.david@epa.gov or 215-814-3216.

Sincerely,

David P. Turner
Remedial Project Manager (RPM)
